### Brief job description [Maximum 5 lines @ 500 characters (including spaces) per line]:

Successful job applicant will teach Quantitative Analysis and Instrumental Analysis as well as General Chemistry courses. He/she must engage in grant writing and undergraduate research activities. In addition, the successful applicant must be committed to mentoring and advising undergraduates to achieve their career goals. A normal teaching load is 12 credits per semester, and at least 8 office hours weekly is required.

### Minimal qualifications [Maximum 4 lines @ 450 characters (including spaces) per line]:

An earned Ph.D. in Chemistry that provides expertise in instrumentation and analytical techniques is required.

### Remarks [Maximum 3 lines @ 300 characters (including spaces) per line]:

A Statement of Interest, three letters of recommendation, a curriculum vita, and official copy of undergraduate and graduate transcripts to be sent to the address below are required for a complete application.

### Apply To:
