

## Campus Announcement

### **Work hard and play hard with the Disney College Program**

As we continue to look at unique and exciting ways to enhance the Disney College Program at the Disneyland® Resort in Anaheim, California, we are pleased to announce a change to the program. Beginning in May 2008, we will be adding a housing component to this unique internship. This integral component of the program will allow highly qualified students from around the United States to participate in the Disney College Program. The addition of housing will allow increased sourcing opportunities throughout the country as well as enhance the diversity of the Disney College Program population.

Housing will be located in the Center Street Promenade complex approximately 2 miles north of the resort. All apartments will be two-bedroom, two-bath fully furnished and offer numerous amenities. There will be four students sharing an apartment and they will be fully responsible for all housing costs.

This is a tremendous opportunity for students to develop their leadership and guest service skills; an opportunity to truly walk in Walt's footsteps!

**The program begins May 19, 2008 and ends January 3, 2009.** We have positions available in the following roles, ranging from \$9.05-\$11.50 per hour:

- Attractions
- Custodial
- Entertainment
- Hotel Lodging
- Lifeguard
- Guest Relations
- Park Foods
- Resort Transportation and Parking
- Photopass
- Stores (Merchandise)
- Vacation Planner
- Disney Desk

This opportunity is now available for Disney College Program alumni but shortly, we will be opening it up for all students who are interested in participating in the Disney College Program at the Disneyland® Resort. Students may take action by viewing our E-Presentation at

**disneycollegeprogram.com/epresentation** or by attending a live campus presentation  
(schedule available on **disneycollegeprogram.com** - click on Disneyland).

Sincerely,  
Disneyland College Recruiting
