Current FMS vacancy announcements can be accessed through a *Job Openings* link on the [FMS Website](#). In addition, the *Visit [USAJobs.gov](#)* button, under the active announcements, links to the [USAJOBS](#) site where you can search for jobs, create a profile, etc. That button will be available at all times, even when no active announcements are open.

A new announcement (shown below) was posted today. FMS employees are encouraged to review the site frequently for new notices.
