

NOW HIRING: INTERNS

*ACORE's Spring Internship deadline is coming up
on November 5, 2021.*

We are looking for students and recent graduates who are committed to making renewable energy the focus of their career paths. ACORE staff will provide leadership and guidance for each intern as they gain first-hand experience in the rapidly growing renewable energy industry.

In addition, Ørsted, a global renewable energy company based out of Denmark and an ACORE Board member, will provide mentorship to select applicants.
