INTRODUCTION

This HANDBOOK represents a compendium of policies and procedures emanating from the broader Southern University System Grants and Contracts Manual and other governing policies. It has been prepared as a convenience for SUNO’s staff, administrators and faculty regarding selected policies and procedures that most affect grant administration at SUNO. Specifically, this HANDBOOK is intended as an easy to use reference guide for SUNO personnel that will:

Provide an overview of the relevant policies and procedures that affect administration of sponsored programs at SUNO.

Acquaint SUNO personnel with the operations of the Office of Grants and Sponsored Programs.

Describe the processes for identifying funding opportunities, preparing and submitting proposals, and

Provide guidance in post-award administration, from receipt of award to closeout.

Supplementary or additional clarifying information may be obtained from the Southern University System Employment Guidelines Manual, the S.U. System Purchasing Manual and S.U. System Grants and Contracts Manual. The Southern University System manuals supersede information contained in this HANDBOOK. When in doubt about a policy pertaining to external funding, contact the Director of the Office of Grants and Sponsored Programs or the Grants Budget Manager/Post Award Administrator. You may also find the contents of this handbook on the University’s web site at www.suno.edu/grants.

LOCATING FUNDING OPPORTUNITIES

There are as many sources of information about funding opportunities as there are funding opportunities, literally thousands from the federal, state and local governments, from foundations and individual corporations. This Handbook will not attempt to list all the possible sources of funding opportunities. Following are some examples of funding opportunities with their electronic addresses:

SUBMITTING A PROPOSAL

NO PROPOSAL MAY BE SUBMITTED ON BEHALF OF THE UNIVERSITY WITHOUT PROPER NOTICE TO THE OFFICE OF GRANTS AND SPONSORED PROGRAMS AND THE CONSENT AND APPROVAL OF THE CHANCELLOR.

PROPOSAL REVIEW/ROUTING FORM FOR SPONSORED PROJECTS:

The Principle Investigator/Project Director (PI/PD) is responsible for processing the PROPOSAL REVIEW/ROUTING FORM through the proposal process. The PROPOSAL REVIEW/ROUTING FORM provides the necessary information to assist in the orderly internal routing of the proposal. It is an internal document and is not submitted to the prospective funding agency.

This form should be completed and routed for approvals according to the attached flow chart. It should be completed in accordance with the instructions and must contain the appropriate signatures and indicate any special requirements such as human and animal subjects, matching funds and space allocation. To assure proper review, the Office of Grants and Sponsored Programs should receive the completed form along with the proposal at least ten (10) working days before the deadline date.

The PI/PD is required to submit the full, final draft of the proposal and the required number of copies of the proposal and a transmittal letter summarizing our request to the prospective funding agency. There is no standard format for proposals. Once the proposal has been reviewed and approved by the appropriate SUNO officials, the Director of the Office of Grants and Sponsored Programs will notify the PI/PD that it is ready to be picked up. At that time, the PI/PD will be given one completed copy of the Proposal Routing Form.

THE PROPOSAL BUDGET

Your Budget is an Estimate!

The budget that you present with your proposal is an estimate of your proposed project’s costs. You should carefully plan your budget and be as specific as possible. The degree to which you have adequately planned your budget reduces the number of changes that may be required, and establishes a degree of credibility should a modification be required.

Generally, costs charged to a sponsored agreement must be allowable, allocable and reasonable. You should carefully review the Agency’s RFP guidelines to determine if there are specific instructions regarding budget preparations. (e.g., restrictions regarding indirect cost, etc.)

Factors that should be considered when preparing your budget are:

If salaries are included in budget, we must also provide for fringe benefits at the applicable rate. The current rate is 39.86%.

Unless specifically prohibited by the funding agency, the budget must include funds for indirect costs incurred by the University. Indirect costs may be defined as those costs that cannot be specifically identified to the project. (e.g., utilities, telephones, etc.) The current rate is 40% Modified Total Direct Cost.

If we include matching funds or cost sharing in the budget, we must be able to certify and document the cost.

The budget is one of the most important components in preparing your proposal. You may contact the Grants Budget Manager / Post Award Administrator to receive additional assistance. Please see the sample budget format below.

*NARRATIVE*
AWARD NOTIFICATION AND ESTABLISHMENT OF SUNO ACCOUNTS
AWARD NOTIFICATION

The awarding agency will furnish a written notification of award or acceptance of an offer to either the Chancellor, the Grants Budget Manager / Post Award Administrator, or PI. The award notification will set forth all terms and conditions of the grant or contract, which should include the following:

- Agency project identification number
- Award period
- Award amount
- Principal Investigator(s)
- Terms of acceptance
- Other applicable information
- Authorized signatures

ESTABLISHMENT OF SUNO ACCOUNT

To access the funds provided by the award/contract, we must establish an account within the SUNO Financial Records System (FRS). The Grants Budget Manager / Post Award Administrator will request an account number from the Office of the Comptroller. To facilitate the process, the following documents must be provided:

- A copy of the fully executed contract with applicable terms and conditions
- A copy of all reporting and billing forms
- A copy of the final negotiated and approved budget, summarized by FRS object code classification

Upon obtaining the FRS account number(s) from the Office of the Comptroller, the Grants Budget Manager / Post Award Administrator will notify the Project Director/Principal Investigator of the account number assigned and that they may commence expending the awarded funds.
GRANT CONTRACT and BUDGET MODIFICATIONS

Programmatic Changes

Budget Revisions
**PROGRAMMATIC CHANGES**

Programmatic changes represent departures from approved project plans. The following programmatic changes require prior approval of the granting agency:

- Changes to project’s scope or objectives;
- Changes in key personnel;
- Changes that transfer financial assistance or substantive programmatic work to a third party.

**BUDGET CHANGES**

The following budget changes require prior approval of the granting agency:

- Revisions requiring additional funding;
- Unless waived by the awarding agency, cumulative transfer among direct cost categories or among separately budgeted programs exceeding 10% of current total approved budget;
- Transfer of amounts previously budgeted for student support (e.g., tuition waivers, stipends, etc.)
- Unless waived by the awarding agency, transfer of amounts budgeted for indirect costs to absorb increases in direct costs;
- Unless waived by the awarding agency, creating new budget line items not approved in the grant agreement.

Transfer of funds from one object classification to another is allowable and permissible if required to accomplish overall program objectives and if all restrictions and/or guidelines of funding agencies and appropriate approvals received are followed. A Budget Modification and Revision Form must be executed to effect transfers. The form may be obtained from the Grants Budget Manager / Post Award Administrator or at its web site. The Grants Budget Manager / Post Award Administrator will also assist in its preparation. The Office of the Vice Chancellor for Administration and Finance (Office of the Comptroller) is responsible for processing all requests for budget revisions.
EXPENDITURES and PROCUREMENT POLICIES

Personnel

Travel

Purchasing

Professional, Personal, Consulting and Social Services Contracts

Extra Compensation Policy
(Reserved)
PERSONNEL

Persons working on sponsored projects or programs are subject to the same personnel policies and procedures that are in effect for employees hired through state funding sources. It is the responsibility of the Principal Investigator (PI) or Project Director (PD) to monitor personnel expenditures within the limits of the budget for approved sponsored projects. To employ personnel pursuant to the approved award, the PI/PD must prepare the appropriate documents. **No one will be permitted to start work before final approval of the Personnel Action Forms by the System President**, unless the funding agency and the Chancellor have given written authorization. No one should be allowed to continue working beyond the termination date. Persons employed on or through grants or other sponsored programs, whether full-time or part-time, are temporary employees whose employment ends automatically once the grant expires.

**Hiring of Personnel**

I Before any announcements, interviews, etc., the department requesting that a vacancy be filled must complete a “Position Vacancy Authorization” form. This form identifies the department requesting the position, the position’s title, a brief description of the position, the proposed salary and the budgetary account number assigned to the project.

The “Position Vacancy Authorization” form must be completed for all positions except students and graduate assistants. Requests to fill existing positions must only be processed through the Chancellor’s level. Requests for new positions require the approval of the System President.

II After appropriate approval of the “Position Vacancy Authorization” form, the requestor must prepare and submit to the Human Resources Department a “Position Vacancy Announcement” form (not required for interim or part time employees). This announcement
must be done at least sixty (60) days before the vacancy is to be filled. Announcements are sent to state universities and employment agencies, posted to SUNO’s web site and listed on HigherEdjobs.com.

III Interviewing and selection will be done according to Civil Service requirements and/or SUNO guidelines. Direction and assistance regarding the employment process may be received from the Human Resources Department.

The applicant should sign an “Authorization to Release” form and the department must complete the “Supervisor Criminal Background Check” form. After Human Resources Services has verified previous employment, the “Authorization to Release” and “Supervisor Criminal Background Check”, they send these forms to campus security for further processing.

Once a candidate has been selected, the requestor must prepare a “Proposed Employment Clearance” form. The purpose of this form is to “clear” the individual for employment at SUNO. (Clearance includes verification by financial aid that the individual is not receiving work study payments.)

Human Resources may ask the prospective employee to provide the following documents:

- Picture ID
- Social Security Card
- Birth Certificate
- Resident Alien Card
- Visa
- Passport
- U.S. Department of Justice Form I-9
  (Employment Eligibility Verification)
CHECKLIST FOR HIRING PERSONNEL

PURCHASING PROCEDURES

An approved purchase requisition and purchase order must support all good and services purchased for Southern University at New Orleans. No goods or services will be received or ordered without these documents. Southern University Board of Supervisor’s policy states:

“Any employee or group of employees of the Southern University System who incur obligations in the name of Southern University or any agency thereof without following the proper and established University procedures and policies shall be personally responsible for the obligations incurred . . .”

All goods coming to SUNO must be received and checked by the Stores/Property office.

It is the grant recipient’s responsibility to comply with all provisions of applicable State, Federal, and Local laws and executive orders in the procurement of supplies, services and other charges as allowed under each individual agreement. The following procedures and regulations apply:

- Purchases up to $500 require no competitive bidding. The requestor should obtain one (1) written quotation from the vendor and attach it to the Purchase Requisition form.
- Purchases more than $500, but less than $2,000 will be made by receiving written quotations from at least three (3) vendors.
- Purchases more than $2000, but less than $10,000 will be made by soliciting written quotations from at least five (5) prospective bidders.
- Purchases more than $10,000, but less than $25,000 will be made by sending out written invitations for bid to at least eight (8) bonafide, qualified bidders.
- Purchases more than $25,000 must be made according to the State’s competitive open bid process.

Requestor’s Responsibility

1. Identify need. Requestor should identify their needs and determine which goods or services will satisfy that need. Gather all appropriate information, including general
specifications, proper commodity class and estimated cost that will help simplify the procurement process. Determine if the goods/services are available on a competitively bid state contract. We are required to utilize these contracts unless we determine that they do not meet the minimum contract requirements or the items do not satisfactorily meet your needs. In such cases, a request to bypass the use must be submitted to the Director of Purchasing for a written exemption.

2. Prepare a purchase requisition completing organization, date, complete description, suggested vendors (include name, address, phone, fax, contact person) and price estimates. 

Additional information:

Requisition for printed materials should include an example of the item.

If applicable, provide the State Contract number for the item

For requests that exceed one page, a continuation sheet should be used with the required information.

After signing and obtaining the approval of the department head, requisitions should be forwarded to the Vice Chancellor for Research and Strategic Initiatives (Title III Programs) and then to the Grants Budget Manager for approval and further processing.
PROFESSIONAL, PERSONAL, CONSULTING AND SOCIAL SERVICES CONTRACTS

Often, projects require the services of external consultants. When engaging the services of an external contractor or independent consultant, the Principle Investigator/Project Director should adhere to the following:

PERSONAL SERVICES - work rendered by individuals that require the use of creative or artistic skills.

PROFESSIONAL SERVICES - work rendered by an independent contractor who has a professed knowledge of some department of learning or science used by its practical application to the affairs of others or in the practice of an art founded on it including, but not limited to lawyers, doctors, dentists, engineers, etc.

CONSULTING SERVICES - work, other than professional, personal or social service, rendered by either individuals, or firms who possess specialized knowledge, experience, and expertise to investigate assigned problems or projects and provide counsel, review, design, development, analysis, or advice.

SOCIAL SERVICE - work rendered by any person, firm corporation, organization, governmental body, or governmental entity in furtherance of the general welfare of the citizens of Louisiana.

PROCEDURE

THE PROFESSIONAL SERVICES CONTRACT MUST BE COMPLETED AND APPROVED BEFORE THE CONTRACTOR MAY PERFORM THE REQUESTED SERVICES.

1. Professional Services contract forms and supporting documents may be obtained from the Comptroller’s Office.

2. A Certification Letter is prepared for the President’s signature for contracts less than $20,000. Contracts more than $20,000 must be sent to the State of Louisiana, Office of Contractual Review.

3. A Purchase Requisition must be prepared and submitted with the Professional Services
contract.

4. Professional Services contracts are to be issued to individuals only if they are an established business to provide the services required. “Persons listed as artisans, specialists and consultants, who are not licensed to practice or perform, and are not recognized in the respective profession, must be hired by way of a Personnel Action Form (PAF).”
COST SHARING
and
MATCHING
COST SHARING AND MATCHING

Often, a criterion for the awarding of funds from the various sources may include matching funds or cost sharing requirements. We may define cost sharing or matching as the portion of the total project budget not borne by the funding agency. There are generally two types of cost sharing:

CASH CONTRIBUTIONS - cash contributions represent the recipient’s cash outlay, including the outlay of money contributed to the recipient by non-federal third parties.

IN-KIND CONTRIBUTIONS - in-kind contributions represent the value of non-cash contributions provided by the recipient and non-federal third parties. Only when authorized by Federal Legislation may property purchased with Federal funds be considered as the recipient’s in-kind contribution. In-kind contributions may be in the form of charges for real property, and the value of goods and services directly benefiting and specifically identifiable to the project.

The PI/PD must document specific information relative to the source of funding and amounts for matching contributions. This information must be submitted to the Comptroller’s Office on the REPORT OF CERTIFICATION OF IN-KIND CONTRIBUTIONS/COST SHARING form.

CLOSEOUT PROCEDURES
CLOSEOUT

Closeout of a sponsored agreement is the process by which the sponsoring agency determines that the University has completed all applicable administrative actions and required work of the agreement. The date of completion is the date on which all work under grants and other agreements is completed or the date on the award document, or any supplement or amendment thereto, on which sponsorship ends. Each grant will be closed out as promptly as is feasible after expiration.

The university is obligated to satisfy the established closeout procedures required by the sponsoring agency. To meet this requirement, the PI/PD must submit to the Office of Research and Strategic Initiatives via Grants Budget Officer/Post Award Administrator the following items by the date of completion:

- A final narrative, technical (performance) report on the project;
- Reprints of all technical publications;
- Applications of all inventions and copyrights; and
- Official copies of an inventory report, request for transfer, and final disposition of property from sponsoring agency.

To facilitate FISCAL CLOSEOUT, at least sixty (60) days before the end of the project, the Budget Manager / Post Award Administrator will send a memorandum to the PI/PD reminding them that the project is about to end and that they should make all requests for expenditures immediately. It is the responsibility of the Comptroller’s Office to prepare and submit final financial reports.
