I. POLICY STATEMENT AND RATIONALE

The Southern University Board of Supervisors (SUBOS) does not condone hazing in any form at any of their governed institutions. All SUBOS governed institutions shall prohibit hazing and take all reasonable measures to address hazing, including without limitation; adoption of effective policies; clear communication to campus organizations, students and other stakeholders of laws and policies; prompt and faithful enforcement thereof; education; and training. All SUBOS governed institutions shall be committed to providing a supportive educational environment free from hazing, one that promotes its students' mental and physical well-being, safety and respect for one's self and others. All SUBOS governed institutions shall implement policies and procedures in compliance with this policy and shall take prompt and appropriate action to investigate and effectively discipline those accused of such conduct in a manner consistent with all applicable laws.

II. POLICY SCOPE AND AUDIENCE

In accordance with Acts 635, 637 and 640 of the 2018 Regular Session of the Louisiana Legislature ("Louisiana Hazing Laws"), the SUBOS hereby adopts this Uniform Policy on Hazing Prevention ("Policy") applicable to all of their governed institutions. This Policy aims to enhance the Legislature's efforts to establish statewide mandatory requirements and is designed to help all SUBOS governed institutions create and maintain safety for all students who participate in the institutions' activities, programs, groups, teams, organizations and Greek-lettered associations.

Each institution's policy must comply with applicable laws and regulations, and must be amended to reflect any subsequent changes to laws and regulations. SUBOS recognizes that our governed institutions all possess unique characteristics (e.g., presence of Greek life, athletic teams, band and other such organizations vs. the lack thereof; commuter vs. residential campuses; large vs. small campuses, presence of campus police and residential advisors vs. the lack thereof). Thus, it is within the purview of each institution's administration to review, evaluate and apply this Policy in a manner that ensures that it adequately aligns with each institution's campus characteristics and resources, provided that the interpretation and implementation are in furtherance of the requirements of this Policy and do not result in substantive changes to the Policy. Our governed institutions may also develop supplementary procedures to further support the implementation of this Policy. However, the mandatory provisions of this Policy establish the minimum requirements with which all institutional policies must comply.

Each governed institution shall establish policies and procedures in full compliance with this Policy and implement such policies no later than the beginning of AY 2018-19. Each policy shall be reviewed for compliance with this Policy and applicable laws and regulations and upon verification of such compliance, this management board shall forward the institutional policies to Board of Regents by September 15, 2018.

For purposes of this Policy, the definitions of key terms and other mandatory provisions shall remain consistent with those in Acts 640 and 635 and 637 of 2018, codified at R.S. 17:1801.1, R.S. 14:40.8 and R.S. 14:502 respectively. In cases of any inconsistency, the statutory provisions shall supersede any such inconsistent provision in this Policy. The statutory provisions and this Policy shall supersede any inconsistent provision in an institution's policy.

III. POLICY COMPLIANCE

All institutions subject to this Policy shall adopt an institutional policy in accordance with all applicable laws and this Policy.

 2. In addition to the requirement of providing educational information in the form of a handbook as provided in the previous paragraph, beginning in the fall semester of 2019, each new student shall be provided educational information on the dangers of and prohibition on hazing during the new student orientation process either in person or electronically.
 3. Each organization as defined above in this Policy and in R.S. 17:1801.1 shall provide annually at least one hour of hazing prevention education to all members and prospective members. The education may be provided in person, electronically, or both. Each organization shall submit a report annually to the institution with which it is affiliated relative to the students receiving such education evidenced by an attestation of the student receiving the education.

VI. POLICY RELATED INFORMATION

In addition to the mandatory components of institutional policies and practices, each institution is encouraged to follow best practices, some of which are outlined below:

- a. **Ongoing Prevention and Awareness Campaigns**
Ongoing prevention and awareness campaigns may consist of programming, initiatives, and strategies that are sustained over time and focus on increasing understanding of topics relevant to hazing prevention. An example of such an initiative or program is joining institutions across the country in the observance of National Hazing Prevention Week.
- b. **Data Collection and Analysis**
Institutions are encouraged to create task forces to gather, analyze and understand institutional data on hazing. Effective hazing prevention presupposes an understanding of the cause, identifying any trends that the data show and assessment of the risk factors as well as protective measures.
- c. **Effective Intervention**
In collaboration with relevant organizations and student bodies, each institution is encouraged to develop intervention strategies and measures appropriate to the context specific to that institution and to the various organizations affiliated with it. The role of bystander intervention and social norming is key to hazing prevention and is recommended as part of campus intervention strategies. In support of state laws to combat hazing, bystander intervention training and social norming should be part of any education and training aimed at preparing faculty, staff and community members to understanding hazing issues and statistics on campus.
- d. **Response Plan**
Institutions are encouraged to convene teams with the necessary expertise, including coaches, resident advisors, Greek-lettered organization officials, alumni and coaches. Each year before the beginning of the academic year, the teams should develop a response plan delineating the procedures for handling any hazing incident.
